The Confessions of St. Augustine

The Confessions of St. Augustine | Short title

Augustine of Hippo; Pusey, E. B.

The classical autobiographical work of a great saint. His theocentric testimonial of his conversion experience and his growing understanding of God. A moving depiction of the life and experiences of a believer from a different age. A must have for those who wish to move into a deeper relationship with God.

1890 Darby Bible | DARBY

Darby, John Nelson

As an ex-Anglican minister and the founder of the Plymouth Brethren, Darby's influence started the Niagara Conferences, which were the beginnings of prophetically-oriented Bible conferences in America. First published in 1890, this translation comes after Darby's understanding of the original languages matured during the writing of his French and German translations of the Bible.

The Confessions of St. Augustine | 1890 Darby Bible | American Standard Version

American Standard Version | ASV

The ASV has long been regarded by many scholars as the most literal English translation since the King James Version—maybe the most literal translation ever. This has made the translation very popular for careful English Bible study, but not for ease of reading. While the KJV was translated entirely from “western manuscripts,” the ASV 1901 was influenced also by the older “eastern manuscripts” that form the basis for most of our modern English translations. Because the ASV 1901 is very difficult to find in print, Logos is pleased to be able to preserve and distribute this significant work. This is an excellent choice for comparative English study.
